Intermediate Mountain Training Summer Course (IMTSC)

**Colonel Besik Kutateladze Sachkhere Mountain Training School
NATO/Partnership Training and Education Centre, Georgia**

The Program aims to train course attendees in basic mountain techniques and military mountaineering as well as in proper maintenance and use of mountain equipment.

Course graduates will be able to define the main issues, skills and directions that will enable them to operate in high mountain effectively. They will also develop the skills that will promote their self-development and enhance their knowledge.

Course graduates will be able to overcome and make the best use of natural obstacles and other difficulties during combat and drills.

Upon successful completion of the course, graduates will be given corresponding certificates and decorations (badge).

To achieve desired learning outcome for trainees, requirements for admission to the program are transparent and ensure inclusion of qualified people with relevant knowledge, skills and values into the program.

Eligible candidates must meet appropriate physical training and medical requirements. NATO and Partner countries' military personnel must have English language proficiency levels of 2/2/1/1 (STANAG 6001).
